植物大战僵尸2

武器秘密

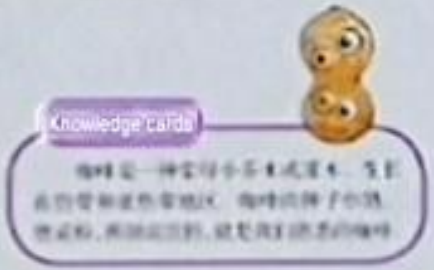
故事系列3

No one is allowed to sleep in.

The plant warriors launched another attack against the zombies! Everyone was relieved, thanks in large part to the victory of the coffee bean vendor.

"Thanks to the coffee beans," said Lie Jiexiang. "I was dreaming when he woke me up. Otherwise, I wouldn't even know if the materials had been contaminated!"

Da Wang said, "Me too, thanks to coffee beans, I woke up, my wife was fine, and then I was healthy again!"



Fan Sheng, the archer, said, "Look how good the coffee industry looks!"

With big, bright eyes and two flowers on her body, like two little devils, Jialu is the cutest little thing ever!

Hua Bei was very pleased to hear this, exclaiming, "Wonderful, wonderful, wonderful!" or "Or a small..."

Little bird, wake up your friends and let them fight the zombies! Nobody can sleep in!

From the weather, coffee beans are taken seriously, no matter who it is, it's like closing your eyes.

Or maybe it's just a game, and he comes over to interfere.

The Flame Mushroom had just closed its eyes to sing for a while when Coffee Bean ran over and said, "Wake up, wake up! Nobody's allowed to take a nap!"

The Flame Mushroom said uncomfortably, "I'm so sick! Can you let me sleep for a while?"

The coffee bean said, "No sleeping! No sleeping!"

Flame Mushroom pushed the coffee beans aside and said, "Go away, go away, stop causing trouble, you annoying Chinese guy!"

Peanut Shooter pushed the coffee bean away, saying, "You're so annoying, so annoying, you annoying coffee bean!"

The coffee bean cried, saying, "Sleep or don't sleep, I'm not going to care about you anymore!"

It was so dark at night. Because Coffee Bean hadn't been letting everyone sleep for the past two days, everyone was really sleepy. Finally, Coffee Bean stopped watching them, and everyone started snoring: snoring, snoring, snoring!

In the past, when the executioner slept, the coffee beans couldn't sleep. They had to keep their eyes wide open, ears perked, and vigilantly watch their surroundings. If the zombies arrived, they had to wake everyone to fight them.

However, now that Blaze Mushroom and Peanut Shooter both say he hates it, Coffee Bean doesn't want to deal with them and has gone to sleep.

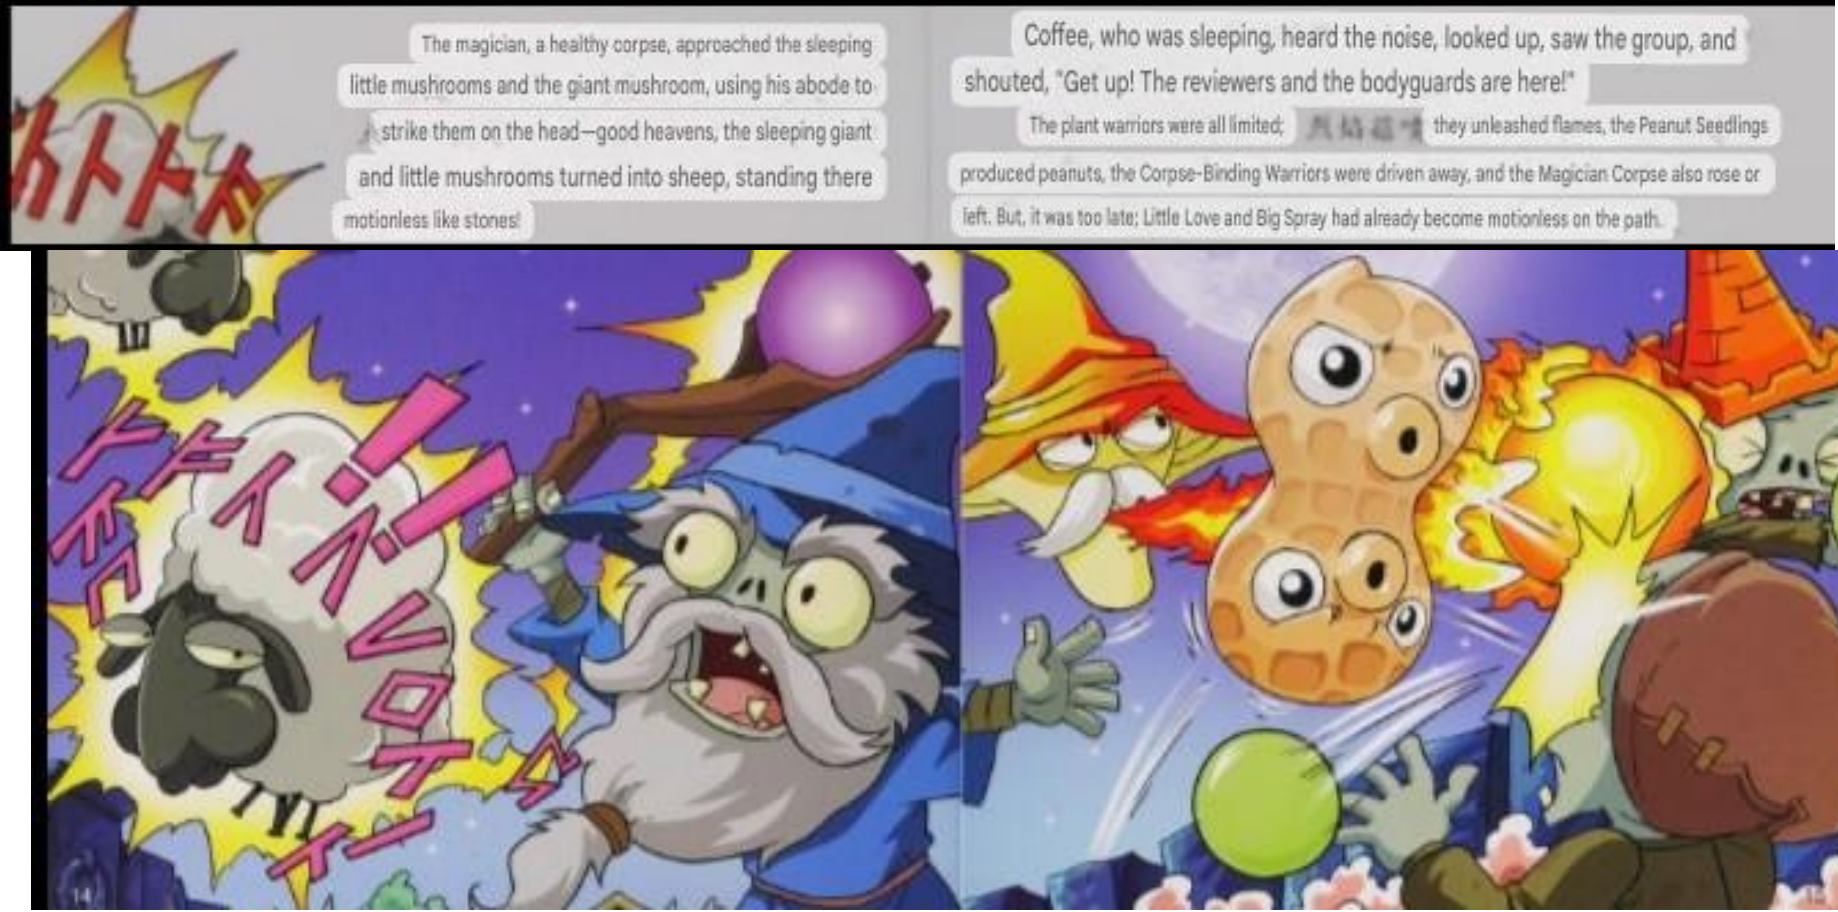
Just then, a group of zombies stealthily crept towards the plant warriors.

Leading the way is the Dark Flag Zombie, followed by the Wizard Zombie, Bucket Farmer Zombie, Barrier Farmer Zombie, Clown Zombie, and the Dark Mechanical Dragon.

They approached the tall plant warriors, and the Dark Mechanical Dragon shouted, "I'm going to throw a fireball! I'm going to hatch lots of fire dragon imps from my fireball and eat them all!"

The Iron Bridge Farmer (only one corpse) and the Roadblock Farmer (later corpse) shouted, "No, stop throwing fireballs! We're hungry, our stomachs are rumbling, we want to eat!"

The Magician Zombie said, "No need for you guys, watch me, I'm going to perform some fun magic!"



カトトト
The magician, a healthy corpse, approached the sleeping little mushrooms and the giant mushroom, using his abode to strike them on the head—good heavens, the sleeping giant and little mushrooms turned into sheep, standing there motionless like stones!
Coffee, who was sleeping, heard the noise, looked up, saw the group, and shouted, "Get up! The reviewers and the bodyguards are here!"
The plant warriors were all limited; they unleashed flames, the Peanut Seedlings produced peanuts, the Corpse-Binding Warriors were driven away, and the Magician Corpse also rose or left. But, it was too late; Little Love and Big Spray had already become motionless on the path.

Peanut said angrily, "Coffee Shop, the zombies are here! Why didn't you wake us up? The zombies turned the big and small mushrooms into sheep! It's all your fault!"

The coffee bean, feeling both ashamed and heartbroken, cried out, "It's my fault, and it's all your fault! Why did you all say I was annoying? Otherwise, I wouldn't have gone to sleep!"

How can we turn the Big Mushroom and Little Love Mushroom back to normal?

Little lamb, little lamb, wake up!

Seeing the sheep formed from the giant and small shiitake mushrooms, Coffee Bean, Blaze, and Peanut Shooter felt very sad and shouted together, "Little sheep, little sheep, wake up! Quickly turn back!"

But the lambs didn't move or make a sound.

"One, two, three, push!"

They pushed a lamb together, but the lamb seemed to be rooted to the ground and couldn't be moved at all.

The flaming weapon brought water, which flowed onto the lamb, but...

Coffee, peanuts, and peanut shooters went to the battlefield of the resurrected corpses and looked at a lot of peanuts, but still didn't put their little hands in order.

The coffee tree, lying on the ground, cried out, "All of you are left to me, like hanging clothes! We can no longer fight with the mushrooms, the little mushrooms! He can..."

"If they stand here and it rains, they'll just get soaked; if it snows, they'll just freeze in the snow. What can they do?"

Peanut Shinji said, "Coffee beans, Li laughed, but laughing won't help. I'll order some and figure out a way to get them."

The coffee bean wiped away its tears and aid, "But we've tried so many methods, and nothing works!"

"I have a great idea," said the Flame-shroom. 'Let's send the Enchantress-shroom to find the zombies and ask them. They'll definitely know how to break this spell!"

Coffee Beans sought out the Sorrowful Mushroom, whose Enchanting Mushroom can persuade Corpse-like creatures to work for plant warriors. Perhaps they can find out a good way to break the magic.

A moment later, the Enchanting Mushroom ran back excitedly. He exclaimed, "I know! I know how to break this spell!"

Coffee Bean eagerly said, "Then let's rush out and fight the magician zombie!"

Peanut Shooter said, "Wait a minute! Last time, the zombies sneaked in and attacked us while we were asleep. This time, let's ambush them first, pretend to be asleep, lure the zombies into the yard, and then give them a good beating!"

Night fell, and the plant warriors silently lay in ambush in the yard. Ice-shroom prepared ice balls and ice arrows, Peanut Novice loaded up with peanut bullets, Oak Powder Hand prepared many archers, and Flame-shroom filled its belly with countless flames.
